Host guide

A simple plan for a room full of people

1. Print

Print the 20 bingo cards on A4 paper. Cut each page in half. For more than 20 guests, print another copy of the cards. Print one caller sheet and as many trivia answer sheets as you need.

2. Start bingo

Hand out one different card per guest. Guests mark a square when they spot that moment. First to complete a row, column, or diagonal calls bingo.

3. Run trivia

Read the questions aloud or let teams work from the answer sheet. Keep the answer key with the host. Award one point per correct answer.

4. Send guests on photo quests

Cut out the 20 photo quest cards and hand one to each guest or pair. Each completed photo earns one point. If you added an album link, guests can scan their card to share photos.

5. Make it yours

Choose a small prize, play a favorite playlist, and let the games start conversations rather than interrupt them.
